APPENDIX 5- LIST OF SUBCONTRACTORS

Within 48 hours of tender closing, the General Contractor must name all sub-contractors.

It is to be noted that any subcontractor required to perform any part of the work during the performance of the subsequent contract must also adhere to the mandatory security requirement of the contract. As well, no personnel without the required level of security will be allowed on site. It will be the responsibility of the successful bidder to ensure that the security requirement is met throughout the performance of the contract. CHEO will not be held liable or accountable for any delays or additional costs associated with the contractor's non-compliance to the mandatory security requirement.

The following are all the subcontractors I/we propose to use for the Sections of Work listed hereunder.

I/We must complete in full (no line items left blank, including the price) the following list of subcontractors and I/We acknowledge failure to do so result in disqualification.

Indicate only the Subcontractors who will perform the Work under Sections of Work. Do not submit multiple Subcontractors for a single Section of Work unless that Section of Work requires multiple Subcontractors. Indicate "Contractor", "Own Force" or similar on the line items when Sections of Work listed hereunder are to be completed by the Contractor.
