UNIT PRICES

The following unit prices will be applicable for all additional work authorized under this Contract. The Owner reserves the right to negotiate unit prices prior to award of the Contract. Each unit price shall include all labour and material involved, all applicable taxes and all overhead and profit pertaining to each item. All unit prices shall exclude the G.S.T.

1. Based on the available information, **a mean pile length of 5.00m, excluding rock embedment and grade beam embedment**, shall be carried for each pile that will be advanced to support the proposed structure.

It should be expected that the pile length will vary across the site and will result in burying more or less than the noted mean pile length throughout the building footprint. Based on this, a unit rate per 300 mm of additional / excess pile length that is required to bury a sufficient length of pile is to be provided for extra costs / credits.

Charges **(added cost or less cost)** for added pile lengths in place and less pile lengths in place.

\$.....per 300 linear millimetres
